# SUSTAINABLE A&D BUSINESS ADVANTAGE.

Technology services to advance aerospace and defense business sustainability and resiliency in an environment of change, uncertainty and shifting priorities.

## COMPREHENSIVE SOLUTIONS DESIGNED AROUND YOU.

Aerospace and defense manufacturers are different. Nobody knows that better than PCG, the leader in Aerospace & Defense enterprise applications implementation and optimization.

Everything we do integrates closely with your customer-driven programs ensuring you can adapt and lead through unique demands on management of complex projects and collaboration on new products.

## THE PCG A&D ADVANTAGE.

PCG outperforms its peers through our unique evaluation, consulting and implementation accelerators, our deep and direct A&D industry experience, strong project methodologies and our rigorous attention to bringing in projects on-time and on-budget. Every time.

Explore our specific services areas designed around your aerospace and defense business. We're certain you'll find something you're looking for.

### BUSINESS TRANSFORMATION

Careful application of leading-edge business functionality and processes, integrating information, providing analysis and insight tools and enabling manufacturing, "from the shop floor to the top floor."

### COMPLIANCE

Stay on top of chain of custody, recall support, DPAS, ITAR, DFARS, AFFARS, MDAP, FedRAMP and FISMA, MMAS compliance for DFAR and DCAA audits, among others.

### INTELLIGENCE / ANALYTICS

Extensive experience in creating and delivering comprehensive analytics solutions brings new insight to reporting, predictive analysis and decision making.

### SUPPLY CHAIN

Improving supply chain partnerships through careful application of technology that brings performance analysis, visibility and transparency to material, capability, inventory and shipment/delivery.

### MOBILITY

Extend the reach of your business processes, workflows, information, collaboration and productivity to the point of need—no matter where your contractor or employee is located.

### SECURITY

Keep your IP and information yours with PCG's experience in securing technology, information, roles, access, supply chain security and issues related to Governance, Risk and Compliance.

Accurate Contracts and Invoicing | Better Project Management | Tighter Compliance | Increased Performance  
| Productivity from Anywhere | Stronger Cash Flow | Maximized Supply Chain Efficiency | Easier Product  
Management & Configuration Change | Greater Asset Visibility | Knowledge Retention | Better Customer Response
