# WHOLE DISTRIBUTION

## COMPREHENSIVE SERVICES DESIGNED AROUND YOU.

Wholesale distribution businesses face unprecedented challenges like:

- Optimizing inventory management
- Accurately forecasting demand
- Improving efficiency and productivity
- Managing cash flows
- Finding and retaining customers
- Managing supply chain risk
- Maintaining or growing profitability

Distribution companies have come to rely on PCG to solve complex challenges and resolve problems, optimize operational capability, and improve performance through our comprehensive distribution technology, process, integration, skill, expertise, and methodology stack.

## THE PCG A&D ADVANTAGE.

PCG delivers on the promise of advanced business technologies, best-in-class processes, information integration, and analytics, and the application of intelligent distribution solutions to:

- Better forecast customer demand
- Reduce inventory shortages and stockouts
- Minimize inventory overstock problems
- Optimize inventory levels and associated costs
- Streamline pick, pack, and ship processes
- Improve product profitability by accurately tracking cost, movement, fulfillment, and COGs
- Find hidden inventory costs and eliminate them
- Bring new transparency and visibility into supply chain partners
- Maintain current and accurate price lists
- Speed up invoicing and collections
- Integrate the back office with online storefronts
- Improve customer experiences
- Automate warehouse operations
- Improve operational performance
- Quickly adapt to market and product change
- Reduce business and operational risk
- Minimize returns and customer support issues

Explore our specific service areas designed around your distribution business. We're confident you'll find the next best step for your operation.
